Colorectal Cancer Screening Management Fee Q005A

Effective April 1, 2008, all Family Health Group (FHG) and Comprehensive Care Management (CCM) physicians were eligible for the Colorectal Cancer Screening Management Fee (Q005A).

The Ministry of Health and Long-Term Care discovered an error with the processing of Q005A claims submitted with fee-for-service group numbers. These claims have incorrectly rejected with the error code 'EPA'.

Q005A claims billed using the solo number or the Primary Care group numbers are paying correctly.

The Ministry is correcting this error for May 2008 claims processing.

Using your regular process please resubmit your rejected claims after May 1, 2008 for proper processing and payment.

If you have not submitted your Q005A fee codes and you submit your claims under a fee-for-service group number please hold these billings until May 1, 2008.

Claims submitted with the fee-for-service group numbers in May will be paid on the June Remittance Advice.

Should you have any questions regarding the Colorectal Screening Management Fee please contact your Ministry site team at 1-866-766-0266.
